MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We submit herewith the “Management Discussion and Analysis Report” on the business of the Company as applicable to the extent relevant.

GLOBAL ECONOMY OVERVIEW:

Economy in many countries rebounded in 2021 after a sharp decline in 2020. Advanced economies and many middle-income countries reached substantial vaccination rates. International trade picked up, and high commodity prices are benefiting many developing countries. Global growth is expected to moderate from 6.1% in 2021 to 3.6% in 2022 and 2023.

Although, rising energy prices and supply interruptions have resulted in higher and more widespread inflation than expected. Elevated inflation is projected to last longer than prediction, although assuming inflation expectations remain well-anchored, inflation should steadily decline in 2022 as supply-demand imbalances fade and major economies respond with monetary policy.

The emergence of new COVID-19 variants could prolong the pandemic and induce renewed economic disruptions. Moreover, supply chain disruptions, energy price volatility, and localized wage pressures mean uncertainty around inflation. As advanced economies lift policy rates, risks to financial stability in emerging market capital flows, currencies and fiscal positions may arise.

INDIAN ECONOMY OVERVIEW

India has emerged as the world’s fastest-growing major economy, and it is predicted to be one of the top economic powers in the next decade, owing to its robust democracy and strong partnerships. According to Advance estimates, the Indian economy would expand by 9.2 percent in 2021-22 after declining in 2020-21. This indicates that overall economic activity has surpassed pre-pandemic levels.

With economic momentum resuming, and the long-term advantages of supply-side reforms in the works, the Indian economy is poised to grow at considerable pace. According to IMF’s World Economic Outlook (October 2021 edition), India’s nominal GDP, measured in nominal USD market exchange rate is estimated at USD 3,515 Bn in 2023 (FY 2023-24), accounting for 3.3% of global GDP and making it the sixth largest economy in the world. When measured in purchasing power parity (PPP) terms, India is estimated to be the third largest economy at PPP USD 12,387 Bn in 2023.

FY 2022-23 is expected to be the first normal year after the onslaught of COVID-19 which virtually eliminated meaningful increase in economic output during the two-year period up to FY21. India’s per capita nominal GDP is estimated to grow by 16% in FY 2021-22 to INR 16,95,743 (USD 2,282.34) after suffering a contraction of 2.4% in FY21.

INDUSTRY STRUCTURE AND DEVELOPMENT

India’s textile sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India’s exports. The textile industry is also labor intensive and is one of the largest employer. The textile industry has two broad segments. First, the unorganized sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale. India accounts for good percentage of the world’s production of textile fiber & yarns. Fabric production in the country rose to millions. The industry is the second largest employer after agriculture, providing employment to over millions of people directly and indirectly. The Indian Textile Industry contributes a good percentage to India’s Gross Domestic Product (GDP), and overall Index of Industrial Production (IIP).

The Indian Textiles Industry has an overwhelming presence in the economic life of the country. Apart from providing one of the basic necessities of life, the textiles industry also plays a vital role through its contribution to industrial output, employment generation, and the export earnings of the Country. GDP growth for FY 2021-22 was 7.4%.

OPPORTUNITIES, CHALLENGES AND OUTLOOK

OPPORTUNITIES

The most significant change in the Indian textile industry has been the advent of man-made fibers (MMF). India has successfully placed its innovative range of MMF textiles in almost all the countries across the globe. The future outlook for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade.

Opportunities available to the Company in the present scenario, which can be seized for the benefit of the Company and ultimately to the stakeholders, can be summarized as under:

1. The government had extended the duty drawback facility on all textile products & increased the rates in some cases to boost exports in the sector.
2. In the Union budget, a good amount has been allocated to the Ministry of Textiles in order to support various schemes covering the textile industry.
3. Capacity built over years has led to low cost of production per unit in India's textile industry; this has lent a strong competitive advantage to the country's textile exporters relative to key global peers.
4. India's growing population has been a key driver of textile consumption growth in the country.
5. The Indian textile industry is set for strong growth, buoyed by both strong domestic consumption as well as export demand
6. Urbanization is expected to support higher growth due to change in fashion & trends.

Threats

Based on review of the textile market situation and level of rivalry present in the domestic market, following threats might be present in the market, which can hinder growth of the revenue of the Company:

1. Intense competition between established brands and private label brands.
2. Low cost substitute products from other countries
3. Significant presence of small suppliers has reduced the bargaining power.
4. Major clothing brands have better bargaining power over textile manufacturers, as the product differentiation is low and numbers of players are high and fragmented.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial statements have been prepared in accordance with the requirements of the Companies Act, 2013 and applicable accounting standards issued by the Institute of Chartered Accountants of India. The details of the financial performance of the Company are appearing in the Balance Sheet, Profit & Loss Accounts and other financial statements forming part of this annual report.

INTERNAL CONTROL SYSTEM

Given the magnitude and nature of its business, the Company has maintained sound and commercial practice with an effective internal control system. The system ensures that all transactions are authorized, recorded and reported correctly to safeguard the assets of the Company and protect them from any loss due to unauthorized use or disposition. The adequate internal information system is in place to ensure proper information flow for the decision-making process. The Company also has well-established processes and clearly defined roles and responsibilities for people at various levels. The control mechanism also involves well documented policies, authorization guidelines commensurate with the level of responsibility and standard operating procedures specific to the respective businesses, adherence to which is strictly ensured. Internal audit is carried out frequently to create awareness and

to take corrective actions on the respective units or areas, which need rectification. These reports are then reviewed by the management team and the Audit Committee for follow-up action.

HUMAN RESOURCE DEVELOPMENT

The Company regards its human resources as amongst its most valuable assets and proactively reviews policies and processes by creating a work environment that encourages initiative, provides challenges and opportunities and recognizes the performance and potential of its employees attracting and retaining the best manpower available by providing high degree of motivation.

Your Company believes in trust, transparency & teamwork to improve employees productivity at all levels.

CAUTIONARY STATEMENT

The management discussion and analysis report containing your Company's objectives, projections, estimates and expectation may constitute certain statements, which are forward looking within the meaning of applicable laws and regulations. The statements in this management discussion and analysis report could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operation include raw material availability and prices, cyclical demand and pricing in the Company's principal markets, changes in the governmental regulations, tax regimes, forex markets, economic developments within India and the countries with which the Company conducts business and other incidental factors.

INDEPENDENT AUDITORS' REPORT ON STATEMENT OF AUDITED STANDALONE FINANCIAL RESULTS FOR THE QUARTER AND YEAR ENDED ON 31ST MARCH, 2022

To,
THE BOARD OF DIRECTORS OF
SHREE VIJAY INDUSTRIES LIMITED
179, INDUSTRIAL AREA-A, LUDHIANA

Report on the audit of the Standalone Financial Results

Opinion

We have audited the accompanying statement of quarterly and year to date standalone financial results of **SHREE VIJAY INDUSTRIES LIMITED** for the quarter ended March 31, 2022 and for the year ended March 31, 2022 ("Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Regulation").

In our opinion and to the best of our information and according to the explanations given to us, these Standalone Financial Results:

- i. are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- ii. give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable accounting standards and other accounting principles generally accepted in India, of the LOSS and other comprehensive income and other financial information of the Company for the quarter ended March 31, 2022 and for the year ended March 31, 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our opinion is not modified in respect of this matter

Management's Responsibilities for the Standalone Financial Results

These quarterly financial results as well as the year to date standalone financial results have been prepared on the basis of the interim financial statements. The Company's Board of Directors are responsible for the preparation of these financial results that give a true and fair view of the net profit/loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, 'Interim Financial Reporting' prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial results, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

2.6 Fair Value Measurements

Set out below, is the comparison by class of the carrying amounts and fair value of the Company's Financial Instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Financial Instruments by category	Carrying Value		Fair Value	
	As at March 31,2022	As at March 31,2021	As at March 31,2022	As at March 31,2021
Cash & Cash Equivalents	7.85	12.58	7.85	12.58
Other Financial Liabilities (current)	0.56	0.13	0.56	0.13

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of the Company's interest-bearing borrowings and loans are determined by using discounted cash flow method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors and individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

2.8 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

(i) Trade Receivables

Customer credit risk is managed by the company based on its established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally reviewed regularly by the management of the company.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company in accordance with the policy.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 is the carrying amounts. The Company's maximum exposure relating to financial instruments is noted in liquidity table below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

(d) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and cash credit facility. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.
